

**RESIDENCY PROGRAM
Veterinary Clinical Sciences (259012)
2020-2023**

APRIL 17th, 2020: DEADLINE TO RECEIVE FULL APPLICATION

POSITION: ANESTHESIOLOGY AND PAIN MANAGEMENT

NUMBER OF POSITIONS AVAILABLE: 1

DESCRIPTION:

This residency is a 3-year (36 months), full time, post-graduate program of 108 credits obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. Clinical training is provided in the field of veterinary anaesthesia and analgesia. Additional training is provided in other selected specialties to meet the requirements of the American College of Veterinary Anesthesia and Analgesia (ACVAA) and European College of Veterinary Anaesthesia and Analgesia (ECVAA). The resident will participate in the clinical care of patients presented to the veterinary teaching hospital. The resident is required to complete a research project and participate in the daily supervision of undergraduate students and interns rotating through the anesthesia service and on-call services. The successful candidate will participate in selected teaching activities for undergraduate students. Residents are eligible for 3 weeks holiday per year, the timing of which will be determined following discussion with the program director to ensure the needs of the service and hospital are met. Additionally, if the resident is not on-call, he/she is eligible for statutory holidays. Any veterinary medical activities performed outside the residency program must be informed to the program director and to the Associate Dean for clinical training and continuing education. The programme is supported by one ACVAA and one ECVAA Diplomate, and one residency-trained full-time clinician. A third professor should join the program in the next months. A master's program may be offered following discussion with the program director. Applicants may contact Dr. Paulo Steagall for questions regarding the residency program in Veterinary Anesthesia and Pain Management at paulo.steagall@umontreal.ca
