2025-2028

DEADLINE FOR APPLICATION: JANUARY 13th, 2025, 8:00 am

POSITION: BOVINE HEALTH MANAGEMENT

NUMBER OF POSITIONS AVAILABLE: 1

DESCRIPTION:

This residency is a 3-year (36 months), full time, post-graduate program obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. The intensive clinical training is concentrated in the field of bovine health management. The clinical training will be in herd health, nutrition, reproduction, epidemiology, internal medicine and surgery. Other rotations could be added to meet the requirements of the ECBHM (European College of Bovine Health Management). Among the faculties involved in this program, there are 4 ECBHM, 5 ACVIM and 3 ACVS diplomates. More than 4 500 farm visits are performed at the ambulatory clinic each year of which 2 500 herd health visits. Approximately 750 cases are referred and hospitalized at the farm animal hospital annually. Every three weeks, the resident will also participate in night, weekend and holiday emergency duty. Residents are eligible for 3 weeks of holidays which will be determined by the advisory committee and the section head. If the resident is not on emergency duty, they are eligible for the standard set holidays during the year. Any professional activities performed outside the residency program must be declared to the Vice dean of clinical studies. A master's program may be offered after satisfactory completion of the first year.
