**POSITION: FARM ANIMAL AND EQUINE MEDICINE: AMBULATORY / FIELD SERVICE PRACTICE**

**NUMBER OF POSITIONS AVAILABLE: 1**

**DESCRIPTION:**

This internship in veterinary clinical sciences is an intensive graduate training program of 12 months (53 weeks) duration. A certificate is awarded upon completion of the program. The program includes clinical training and participation in clinical teaching rounds and teaching laboratories. Interns will work at the Centre Hospitalier Universitaire Vétérinaire (CHUV) and will be supervised by clinicians and the program coordinator. Also, interns will provide out of hours care and emergency care for on-farm patients on a rotating basis. The intern will spend 6 months in the Bovine Ambulatory Service and 6 months in the Equine Ambulatory Service of the CHUV. Interns are eligible for 3 weeks of vacations determined by the section head. If the intern is not in service, he/she benefits of the same holidays as the clinicians. Any professional activities performed outside the internship program must be declared to the Vice dean of clinical studies.

**REQUIREMENTS:**

- Doctor of Veterinary Medicine (DVM) or equivalent
- License from the Ordre des Médecins Vétérinaires du Québec **before** starting the program
- License to practice
- Working knowledge of the French language (writing, reading, speaking) before starting the program

**TUITION FEES (Fees shown are in Canadian currency):**

- Quebec students or Canadian from outside of Quebec: On average \$6,665 for the duration of training
- French or French-speaking Belgian students: On average \$7,521 for the duration of training
- International students: On average \$24,962 for the duration of training, including the UdeM exemption scholarship
