BEFORE JANUARY 5, 2026 9:00 P.M. EST**

**POSITION: COMPARATIVE OPHTHALMOLOGY**

**NUMBER OF POSITIONS AVAILABLE: 1**

**DESCRIPTION:**

This veterinary clinical sciences ophthalmology internship is a rigorous 12-month (53 weeks) clinical training program. Upon successful completion of the program a certificate is awarded. The program encompasses clinical surgical training, active involvement in clinical teaching rounds, journal clubs, book clubs, practical laboratories and emergency surgeries. Interns will be based at the "Centre Hospitalier Universitaire Vétérinaire (CHUV)" and will work alongside a team consisting of 1 faculty professor and 1 private practice ophthalmologist and 1 technician. The intern will participate in after-hours patient care and surgical emergencies. Interns will be encouraged to partake in rotations within other specialty services during the program, such as anesthesia, neurology, and critical care, for a more comprehensive training experience. Opportunities for research projects will be provided, with designated weeks off from clinical duties. Interns are eligible for 3 weeks of vacation determined by the hospital. Veterinary medical activities performed outside the internship program must be declared to the Associate-dean of clinical affairs.

**REQUIREMENTS:**

- Doctor of Veterinary Medicine (DVM) or equivalent
- Recently completed an internship in small animal medicine or equine medicine or equivalent clinical experience
- License from the Ordre des Médecins Vétérinaires du Québec before starting the program
- Internship in French
